

PROTEGE SONG LIST

Thank you for downloading our song list! Which specific songs we perform at any given event is based on 3 factors:

1 Popular music that will create an unforgettable party. We read your crowd and all the age groups in attendance, calling songs accordingly.

2 General musical styles that fit into your personal preferences.

3 What we perform best; songs that help to make us who we are.

We dont work with pre-determined set lists, but we will try to include many of your preferences & favorites. This in addition to you choosing all the material for any formal dances. Well also learn two new songs for you that are not a regular part of our repertoire! formal dances take precedence.
