

# SPLASH! SONG LIST

*“How does song selection work?”*

*This process is a compromise between two parties. We honor your preferences and ask you to trust our ability to call songs that create the best party possible.*

*Leading up to your event, you’ll complete a song-list form and select every song you like. The more music you choose, the more beneficial the outcome. At our discretion, we’ll play roughly 15-20 of your picks. You’ll also select all music for your formal dances. Plus, we can learn two new songs that are not a regular part of our repertoire! formality dances take precedence.*

*“Can I choose all the songs you play?”*

*We are unable to perform with pre-determined setlists. However, your feedback heavily informs what we play.*

*“Can I make my own song list form instead of using yours?”*

*While this may seem helpful, we have a system that results in countless amazing parties. Our song list form is a critical part of this system. We appreciate your understanding.*
